The United States Department of State (DoS) often referred to as the State Department, is the United States federal executive department responsible for international relations of the United States, equivalent to the foreign ministries of other countries. The Department was created in 1789 and was the first executive department established. It is headquartered in the Harry S. Truman Building near the White House in Washington, D.C. The Department operates the diplomatic missions of the United States abroad. The Department is led by the Secretary of State, who is nominated by the President.

Many of the embassies, consulates and diplomatic missions mentioned below have HF capabilities. The stations are not very active. Mostly once or twice a week. The best time to check the channels is in the morning, during the opening times of the embassies. Beside the ALE calls you can hear voice radio checks. The stations usually have their radio checks in the local morning between ca 0900 and 1100 hours.

¹⁾ RIMC = Regional Information Management Center.

RIMCs provide IT support to all embassies, consulates, and other Department of State missions overseas. They are located in Washington, DC; Ft. Lauderdale, Florida; Frankfurt, Germany; and Bangkok, Thailand.

²⁾ KWR92 called "ROME" on several frequencies

Suffix "OS" means "Offsite"
Suffix "M" means "Mobile"
NCS = Net Control Station
